BOKSBURG

WEST

GEMEENTE VAN CHRISTUS

22 MARCH 2020

An Important Church Note in Love & Prayer

Dear Brothers & Sisters in Christ.

I trust we are well amidst the chaos.

We will be postponing the AGM until further notice. The Covid-19 pandemic has unfortunately reached critical proportions and we need to be pro-active in protecting the members of the Church.

As from this Sunday, steps will be taken to reduce the risk of cross contamination.

Hand Sanitizer will be available at both entrances to the building and families will sit together with a row space between families/groups. This will mitigate the risk of contact with other congregants.

As of 29 March, There will be no Sunday School, Bible Study or Fellowship tea nor functions for the foreseeable future.

We will meet at the building at 10:00am for Communion and a short Devotional and then adjourn.

We urge those who can, to form smaller groups to meet at designated homes for worship to further mitigate the risk of contamination. This can be discussed by those members who have contact with other members in their residential vicinity.

It is urged that the Elderly, sick, and those with compromised immune systems and respiratory issues, please take heed to this as they are at higher risk of contracting the virus with devastating effects.

Please feel free to contact me should you have any queries or comments on the above.

A Church WhatsApp Group has been created to keep all informed of
